COUNCIL MEETINGS: Every 2nd Monday of the month in Council Chambers at 6 p.m. Public welcome to attend or listen via zoom; check fb for link.

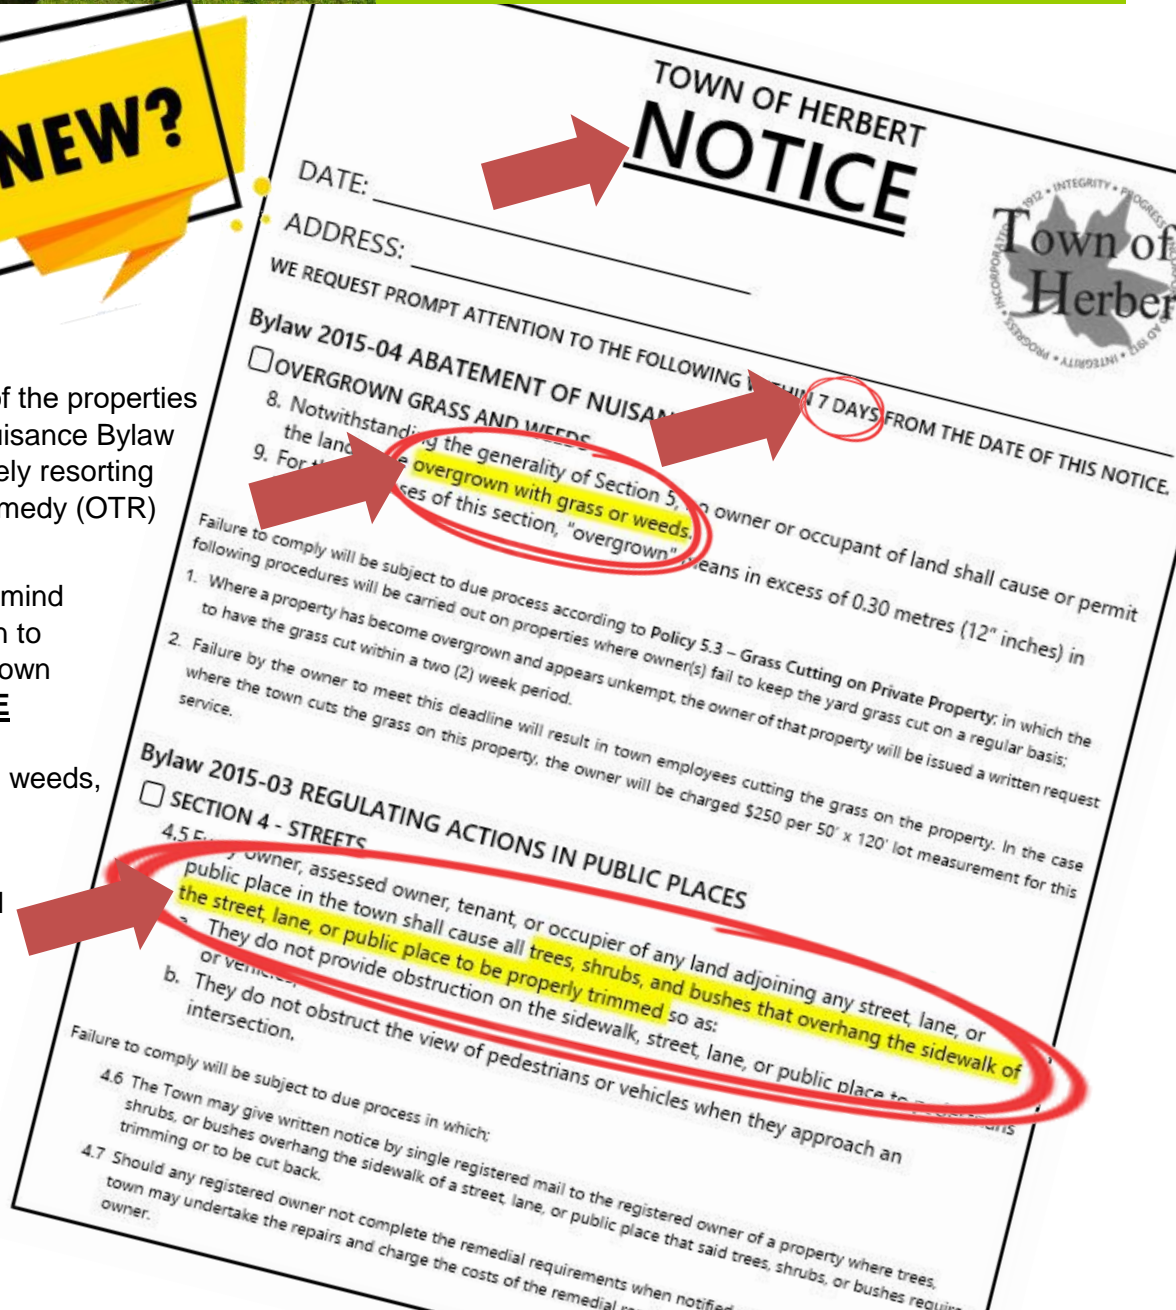

The **SUMMER REC** Program will be postponed from August 6th – 8th and will resume the week of August 13th - 15th.

WHATS NEW?

It's difficult to address all of the properties that do not comply with Nuisance Bylaw 2015-04 without immediately resorting to the lengthy Order to Remedy (OTR) process.

However, to kick start & remind residents of their obligation to maintain their yards, the Town will hand deliver a **NOTICE** regarding nuisance issues such as grass overgrowth, weeds, &/or tree care.

If the property is still neglected after the allotted seven (7) day time frame Town Maintenance can be directed to mow a property resulting in a \$250 charge, for a 50' x 120' lot, which will then be added to the property owners' tax roll.

ADVERTISING OPPORTUNITY

If any Herbert or surrounding area business owner is interested in cheap year-round advertising, there are two (2) spaces available in the East/West Sign corridor for two (2) 4' x 8' signs, one for each corridor. As ½ the year has now passed we'll offer these spaces for \$75 for the remainder of 2024 only. Beginning January 2025, the fee of \$150 will be invoiced annually thereafter. Call for more information.

SASK REPTILE SHOW

August 19, 2024 at 4:00 p.m.

Herbert Memorial Park

TREE MAINTENANCE

Every year, we entrust the maintenance of town trees to licenced tree care contractors, but we also give residents the opportunity to have their trees looked at while the crew is here. They'll offer a quote per job. Call the town office & we'll add your name to the Tree list.

We simply pass this information onto them. They'll call & consult with you on the service required & provide a quote.

Town of Herbert

ELECTION

November 13 2024

To elect Mayor and Councillors for urban municipalities.

OVERGROWTH

It is the property owners' responsibility to keep the sidewalks clear of overgrowth from hedges & shrubbery, etc. Pedestrians are being forced off of the sidewalk into the boulevard or street.

Aside from sidewalks, overgrown bushes are cause for traffic hazards by blocking visibility at corners.

Overgrown tree branches are also impeding back lane vehicle traffic & should also be pruned back to the property line, with the exception of elm trees.

Elms cannot be trimmed or cut from April 1 – August 31 to prevent the spread of Dutch Elm disease.
