NUISANCE PROPERTIES

The summer season is disappearing quickly, and we are still endeavouring to write letters to those residents that do not comply with Nuisance Bylaw, 2015-04; of which there are many.

If your property is neglected to the point of: buildings becoming dilapidated, overgrown grass and weeds, being untidy and unsightly, unnecessarily storing unlicensed &/or junked vehicles, unoccupied buildings being left to deteriorate into a state of disrepair, inappropriate storage of outdoor materials; containing abandoned refrigerators, freezers, or any large appliances with doors; open excavations being a visible hazard; or fences not being maintained in a reasonable state of repair; you can expect a letter from the Town at some point.

NOTE: If grass remains uncut on private property, the Town does not require permission & can see to the cutting at a cost of \$250.00 per a regular 50' x 120' lot & the owner invoiced accordingly.

OVERGROWTH

It is the property owners' responsibility to keep the sidewalks clear of overgrowth from hedges &

Thanks to you, the Herbert & District Recreation Board raised \$2,262.00, bringing our pool reserve fund to \$10,580.00. We're now exploring the installation of a liner in the pool basin, a vital upgrade to help extend the life of our pool. This project carries an estimated cost of \$150,000.00, and your contributions are helping us make that vision a reality! Every dollar raised is a ripple toward something bigger. Big congrats to Chris Reimer, winner of the 50/50 draw—Chris takes home \$795.00, and HDRB will use the remaining \$795.00 to support future community projects. Thank you for making this celebration one for the books. Let's keep the momentum going!

shrubbery, etc. Pedestrians are being forced off of the sidewalk into the boulevard or street.

Aside from sidewalks, overgrown bushes are cause for traffic hazards by blocking visibility at corners.

Overgrown tree branches are also impeding back lane vehicle traffic & should also be pruned back to the property line, with the exception of elm trees.

Elms cannot be trimmed or cut from April 1 – August 31 to prevent the spread of Dutch Elm disease.

TREE MAINTENANCE

Every year, we entrust the maintenance of town trees to LEE'S TREE CARE & LANDSCAPING, but we also give residents the opportunity to have their trees looked after. Call the town office & we'll add your name to the Tree list.

We simply pass this information onto LEE'S. They'll call & consult with you on the service required & provide a quote.
